persons, reception being triggered by the composition on a telephone handset of one of at least two predetermined and distinctive calling numbers, a memory for storing said calls, an acoustic transducer for signalling at least the arrival of a message and a control arrangement adapted to be manually actuated, and wherein at least the calling numbers are inscribed on the dial in plain language or in coded form, means being actuated so that at least upon reception of a message such is stored in the memory and [at least] one of the hands [hand] ceases its time indicating function in order to come to show the calling number emitting the message.

6. (Twice Amended) A timepiece including a time keeper in order to display at least hours and minutes by means of hands surmounting a dial surrounded by a bezel, a receiver capable of receiving radio broadcast messages for seeking persons, reception being triggered by the composition on a telephone handset of one of at least two predetermined and distinctive calling numbers, a memory for storing said calls, an acoustic transducer for signalling at least the arrival of a message and a control arrangement; wherein at least the calling numbers are inscribed on the dial in plain language or in coded form, means being actuated so that at least upon reception of a message such is stored in the memory and [at least] one of the hands [hand] ceases its time indicating

*Cont'd*

function in order to come to show the calling number emitting the message.

*CJ*

20. (Amended) An electronic watch with a pager for displaying paging messages comprising: a receiver for receiving paging messages; a time indicating device having a dial, and a plurality of movable hands disposed over the dial for indicating time; marks disposed on the dial representative of different paging messages; a memory for storing the paging messages received by the receiver; a transducer for signalling the receipt of a paging message by the receiver; and circuit means for receiving paging messages from the receiver and, in response to receiving one of the paging messages, for controlling movement of one of the hands of the time indicating device to stop indicating time and to indicate the mark representing the paging message.

**SUBMISSION OF FOURTH SUPPLEMENTAL REISSUE DECLARATION:**

Submitted herewith is a fourth supplemental reissue declaration for consideration by the Examiner.

**ADDITIONAL FEES:**

No additional fees are believed required; however, should it be determined that a fee is due, authorization is hereby given to charge any such fee to our Deposit Account No. 01-0268.
